The Flowers Strike The Pool:

Clear lying surface reels
Reflection quavers, fades;
But the water heals
Smooth, without a scar.
Can a floating petal mar
That which underflows?
Water like a soul,
Soul of water still endures;
Only an image goes.
Crack, reflection, break —
All that little that is lost,
All the image time can take,
We shall mend it, send it back:
Each of us a shining lake
For her sake.
